

**PROXY
THIRD PARTY TRANSACTIONS**

Information

The *Money Services Business Act* requires that Globex 2000 obtain a proxy for any transaction conducted on behalf of a third party along with certain information in regard to the third party.

Therefore, if you are conducting a transaction on behalf of a third party, the transaction can only be concluded if you provide Globex 2000 with a proxy authorizing you to act on behalf of a third party containing all of the information Globex 2000 is required to obtain in regard to the third under the legislation.

If you are transacting on behalf of a third party and you are lacking the required proxy the teller will provide you with a copy of the proxy which must be completed and signed by the third party previous to the transaction being concluded.

Thank you for your understanding.
Management.

Third Party's Information

Person for whom the transaction will be conducted		
Name		
Address		
Telephone Number		
Will the transaction be 3000\$ CAD or more	<input type="checkbox"/> Yes <input type="checkbox"/> No	*Note : Occupation and date of birth are only required when you answer yes.
